

PREFACE

Taxes, after all, are dues that we pay for the privileges of membership in an organized society.

-Franklin D. Roosevelt

It is my pleasure to present the **Sixth Edition** of the Booklet "**Frequently Asked Questions on Service Tax**" before the public and the Service Tax paying community, at the behest of the Central Board of Excise and Customs. That the booklet has been of great utility to the public and the Tax payers is evident from the fact that the need for the current edition has been felt. It has been the endeavor of the Team to incorporate the latest changes ushered in by the Budget, 2011 and the number of clarifications issued by the Board upto 25.08.2011 on various issues raised by the Trade and the field formations.

2. It has always been the policy of Directorate General Of Service Tax to stay connected with the trade and other stake holders and encourage voluntary tax compliance by the tax payers. I am confident that this attempt to place as much information as possible about service tax in the public domain as a ready referencer would improve tax compliance which would, no doubt, result in augmentation of revenue and reduction in litigation.

3. My officers in the Directorate General have made conscious efforts to keep the language simple and crisp. The set of questions that figure in the FAQ booklet has been gathered from the trade and general public in whose mind they naturally arise for the first time as and when they come in contact with the Service Tax Authorities. It would be clear that the answers attempted in this booklet are merely educative in nature and not imperative. The users of this booklet are advised to refer to the relevant Act, Rules, notifications and clarifications issued by the Board which are available in the website of CBEC which shall, in case of any contradiction, prevail over the answers provided in this booklet.

4. I appreciate the remarkable efforts made by Shri Pranesh Pathak, Additional Director, Shri Raju Sakthivel, Joint Director, Shri Rakesh Ladwal, Deputy Director, Shri. M.N.Deoghare, Superintendent, Shri B. Venugopal, Superintendent and Smt. Vrinda Sinha, Inspector in gathering the relevant materials and bringing this booklet in user friendly format. I also express my deep appreciation and thanks to Shri Rakesh Misra, Additional Director General, for his inspiring and able guidance to the Team of officers in giving final shape to this booklet. I am sure that this booklet will be a dependable guide for the Tax payers.

5. These FAQs and answers will also be available on the official website of the Central Board of Excise and Customs: www.cbec.gov.in. However, if you have any doubts, please contact your nearest Help Centre or Central Excise Commissionerate/ Service Tax Commissionerate or visit www.exciseandservicetax.nic.in to find the addresses and telephone numbers for further clarification.

I will be happy to know any suggestions for enriching the utility and facility of this booklet.

SERVICE TAX

FREQUENTLY ASKED QUESTIONS

1. General

1.1. What is Service Tax and who pays this tax?

Service tax is, as the name suggests, a tax on Services. It is a tax levied on the transaction of certain services specified by the Central Government under the Finance Act, 1994.

It is an indirect tax (akin to Excise Duty or Sales Tax) which means that normally, the service provider pays the tax and recovers the amount from the recipient of taxable service.

1.2. Who is liable to pay service tax?

Normally, the 'person' who provides the taxable service on receipt of service charges is responsible for paying the Service Tax to the Government (Sec.68 (1) of the Act). However, in the following situations, the receiver of the Services is responsible for the payment of Service tax :

- (i) Where taxable services are provided by foreign service providers with no establishment in India , the recipient of such services in India is liable to pay Service Tax.
- (ii) For the services in relation to Insurance Auxiliary Service by an Insurance Agent, the Service Tax is to be paid by the Insurance Company
- (iii) For the taxable services provided by a Goods Transport Agency for transport of goods by road, the person who pays or is liable to pay freight is liable to pay Service Tax , if the consignor or consignee falls under any of the seven categories viz. (a) a factory (b) a company (c) a corporation (d) a society (e) a co-operative society (f) a registered dealer of excisable goods (g) a body corporate or a partnership firm.
- (iv) For the taxable services provided by Mutual Fund Distributors in relation to distribution of Mutual Fund the Service Tax is to be paid by the Mutual Fund or the Asset Management Company receiving such service.

[Refer: Sec. 68(2) of the Act read with Rule 2(1)(d) of the Service Tax Rules, 1994.]

1.3. Under what authority service tax is levied?

Vide Entry 97 of Schedule VII of the Constitution of India, the Central Government levies service tax through Chapter V of the Finance Act, 1994. The taxable services are defined in Section 65 of the Finance Act, 1994. Section 66 is the charging section of the said Act.

1.4. What are the taxable service

Taxable Services have been specified under Section 65(105) of the Finance Act, 1994. All the taxable services as on **01.05.2011** are listed in **Appendix-1**. The list also shows the **relevant** Accounting Heads required to be mentioned on the tax payment documents (GAR-7), while depositing the Service Tax and other related dues in the banks.

1.5. How to decide whether Service Tax is payable by a person?

A. If you are engaged in providing a service to any person, please check:-

- (i) Whether the service rendered by you is falling under the scope of any of the taxable services listed in the **Appendix-1**; and
- (ii) Whether there is a general or specific exemption available for the category of service provided under any notification issued under section 93 of the Finance Act, 1994.
- (iii) Whether you are entitled to the value based exemption available for small service providers under notification No.6/2005-ST dated 1.3.05 as amended from time to time. Details are explained in para 8.1 of this Booklet.
- (iv) Whether the service charges were received for the services provided or to be provided.

In case the service provided by a person falls within the scope of the taxable services and if such service is not fully exempted, the service tax is payable on the value of the taxable service received, subject to the eligible abatements, if any (as discussed at para 1.7 of this Booklet).

B. If you are availing the services of the service provider, please check:-

- a. Whether the service received by you is falling under the scope of any of the services *where the recipient of the service is liable to pay Service Tax* in terms of Section 68(2) of the Act read with Rule 2(d) of the Service Tax Rules, 1994 (Please also see Para 1.2 of this Booklet)
- b. In case the service received by recipients of such service is falling under the scope of any of the taxable services defined under section 65 of the Finance Act, 1994, the recipients of the service shall pay Service Tax after considering specific exemptions/abatements admissible, if any.
- c. Please note that the value based exemption for small scale service providers under Notification No.6/2005 ST dated 01.03.2005 as amended is **not admissible** to such recipients of taxable services. (For further details, please see para 7.1 of this Booklet).

1.6. What is the rate of Service Tax?

At present, the effective rate of Service Tax is 10.3% on the value of the taxable service. The above effective rate comprises of Service Tax @10% payable on the "gross value of taxable service", Education Cess @ 2% on the service tax amount, and Secondary and Higher Education Cess @ 1% on the service tax amount.

1.7. What is meant by "value of taxable service"?

- i. The "value of taxable service" means, the *gross amount* received by the service provider for the taxable service provided or to be provided by him. Taxable value has to be determined as per the provisions of the Section 67 of the Finance Act, 1994, read with **Service Tax (Determination of Value) Rules, 2006**.
- ii. For certain services, a specified percentage of abatement is allowed from the gross amount collected for rendering the services (see Appendix – 2) subject to the conditions, *inter alia*, that CENVAT Credit has not been availed by the service provider and the benefit under the Notification No.12/2003-ST dt. 20.6.2003 as amended has also not been availed.

- iii. **There is also a composition scheme for ‘works contract service’, where** the person liable to pay service tax in relation to works contract service shall have the option to discharge his service tax liability on the works contract service provided or to be provided, instead of paying service tax at the rate specified in section 66 of the Act, by paying an amount equivalent to **4% of** the gross amount charged for the works contract. The gross amount charged for the works contract shall not include Value Added Tax (VAT) or sales tax, paid on transfer of property in goods involved in the execution of the said works contract.

1.8. Can the Department modify the value determined by the service provider?

- (i) The Central Excise Officer is empowered to verify the accuracy of any information furnished or document presented for valuation.
- (ii) If the value adopted by the Service Tax assessee is not acceptable in accordance with the statute, the officer shall issue a show cause notice (SCN) proposing to determine the value as per the law.
- (iii) The SCN would be decided after providing reasonable opportunity of being heard to the assessee.

(Rule 4 of the Service Tax (Determination of Value) Rules, 2006 read with Section 67 of the Act)

1-A Budgetary changes 2011-12

What are the new services introduced in the budget 2011-12?

The following two new services have been proposed:

- (i) Services by air-conditioned restaurants having license to serve liquor; and
- (ii) Short-term accommodation in hotels/inns/clubs/guest houses etc.

What are the changes or scope in the existing services?

Scope of New services

a. Services provided by a restaurant

Restaurants provide a number of services normally in combination with the meal and/or beverage for a consolidated charge. These services relate to the use of restaurant space and furniture, air-conditioning, well-trained waiters, linen, cutlery and crockery, music, live or otherwise, or a dance floor. The customer also has the benefit of personalized service by indicating his preference for certain ingredients e.g. salt, chillies, onion, garlic or oil. The extent and quality of services available in a restaurant is directly reflected in the margin charged over the direct costs. It is thus not uncommon to notice even packaged products being sold at prices far in excess of the MRP.

- b. In certain restaurants the owners get into revenue-sharing arrangements with another person, who takes the responsibility of preparation of food, with his own materials and ingredients, while the owner takes responsibility for making the space available, its decoration, furniture, cutlery, crockery and music etc. The total bill, which is composite, is shared between the two parties in terms of the contract. Here the consideration for services provided by the restaurants is more clearly demarcated.
- c. Another arrangement is whereby the restaurant separates a certain portion of the bill as service charge. This amount is meant to be shared amongst the staff who attend the customers. Though this amount is exclusively for the services it does not represent the full of value of all services rendered by the restaurants.
- d. The new levy is directed at services provided by high-end restaurants that are airconditioned and have license to serve liquor. Such restaurants provide conditions and ambience in a manner that service provided may assume predominance over the food in many situations. It should not be confused

with mere sale of food at any eating house, where such services are materially absent or so minimal that it will be difficult to establish that any service in any meaningful way is being provided.

- e. It is not necessary that the facility of air-conditioning is available round the year. If the facility is available at any time during the financial year the conditions for the levy shall be met.
- f. The levy is intended to be confined to the value of services contained in the composite contract and shall not cover either the meal portion in the composite contract or mere sale of food by way of pick-up or home delivery, as also goods sold at MRP. Finance Minister has announced in his budget speech 70% abatement on this service, which is, inter-alia, meant to separate such portion of the bill as relates to the deemed sale of meals and beverages.

1-A.2 Short-term accommodation

A-2.1 Short term accommodation is provided by hotels, inns, guest houses, clubs and others and at camp-sites. This service is proposed to be taxed where the continuous period of stay is less than 3 months.

A-2.2 Actual levy will be restricted to accommodation with declared tariff of Rs 1,000 per day or higher by an exemption notification. Once this requirement is met, tax will be chargeable irrespective of the fact that actually the amount charged from a particular customer is less than Rs 1,000. The tax will also be charged on the gross amount paid or payable for the value of the service.

A-2.3 Finance Minister has announced 50% abatement from the value of service.

A-3 What is the relevance of declared tariff? Is the tax required to be paid on declared tariff or actual amount charged?

“Declared tariff” includes charges for all amenities provided in the unit of accommodation like furniture, air-conditioner, refrigerators etc., but does not include any discount offered on the published charges for such unit. The relevance of “declared tariff” is in determining the liability to pay service tax as far as short term accommodation is concerned. However, the actual tax will be liable to be paid on the amount charged i.e declared tariff minus any discount offered. Thus if the declared tariff is Rs. 1100/-, but actual room rent charged is Rs. 800/-, tax will be required to be paid @ 5% on Rs. 800/-.

A-4. Is it possible to levy separate tariff for the same accommodation in respect of corporate/privileged customers and other normal customers?

It is possible to levy separate tariff for the same accommodation in respect of a class of customers which can be recognized as a distinct class on an intelligible criterion. However, it is not applicable for a single or few corporate entities.

A-5 Is the declared tariff supposed to include cost of meals or beverages?

Where the declared tariff includes the cost of food or beverages, Service Tax will be charged on the total value of declared tariff. But where the bill is separately raised for food or beverages, and the amount is charged in the bill, such amount is not considered as part of declared tariff the revision in tariff should be made uniformly applicable to all customers and declared when such change takes place.

- A-6 **Is the luxury tax imposed by States required to be included for the purpose of determining either the declared tariff or the actual room rent?**

For the purpose of service tax luxury tax has to be excluded from the taxable value.

Services Provided by Restaurants:

- A-7 **If there are more than one restaurants belonging to the same entity in a complex, out of which only one or more satisfy both the criteria relating to air-conditioning and licence to serve liquor, will the other restaurant(s) be also liable to pay Service Tax?**

Service Tax is leviable on the service provided by a restaurant which satisfies two conditions:

- (i) it should have the facility of air conditioning in any part of the establishment and
- (ii) it should have license to serve alcoholic beverages. Within the same entity, if there are more than one restaurant, which are clearly demarcated and separately named, the ones which satisfy both the criteria is only liable to service tax.

- A-8 **Will the services provided by taxable restaurant in other parts of the hotel e.g. swimming pool, or an open area attached to a restaurant be also liable to Service Tax?**

The taxable services provided by a restaurant in other parts of the hotel e.g. swimming pool, or an open area attached to the restaurant are also liable to Service Tax as these areas become extensions of the restaurant.

- A-9 **Is the serving of food and/or beverages by way of room service liable to service tax?**

When the food is served in the room, service tax cannot be charged under the restaurant service as the service is not provided in the premises of the air-conditioned restaurant with a licence to serve liquor. Also, the same cannot be charged under the Short Term Accommodation head if the bill for the food will be raised separately and it does not form part of the declared tariff.

- A-10. **Is the value added tax imposed by States required to be included for the purpose of service tax?**

For the purpose of service tax, State Value Added Tax (VAT) has to be excluded from the taxable value.

To verify the correctness of declaration in the said form, certain documents such as copy of PAN card, proof of address of business premise(s), constitution of the business [proprietorship, firm, company, trust, institute etc.] etc. may be required by the registering authority. The copies may be self-certified by the applicant. In case of doubts in select cases, original documents may have to be presented for verification.

In case the registration certificate is not issued within seven days, the registration applied for is deemed to have been granted. [Rule 4(5) of the STR, 1994].

2.8. Is there any provision for centralized registration?

Service providers having centralized accounting or centralized billing system who are located in one or more premises, at their option, may register such premises or office from where centralized billing or centralized accounting systems are located and thus have centralized registration.

2.9. In case of multiple services provided by an assessee, is separate registration certificate required for each service?

(As per Rule 4(5A) of Service Tax Rules, 1994).

2.11. Is PAN allotted by the Income Tax Department a must for obtaining Service Tax Registration?

3.7. Can the Service Tax be deposited in Non-designated banks?

No. For payment of Service Tax, specific bank has been nominated for every Central Excise/Service Tax Commissionerate. If Service Tax is deposited in a Branch /Bank other than the nominated Bank / Branch, it amounts to non-payment of Service Tax [Rule 6(2) of the STR, 1994]. In any case, a non-designated bank will not accept service tax challans. You may approach the local Service Tax Commissionerate to know the name of the nominated bank for payment of your Tax dues.

3.8. Whether the payment of Service Tax is to be made for the billed amount or for the amount received?

- a) Service Tax is to be paid on the invoice amount or the billed amount. Where invoice is not issued within a period of 14 days then the tax becomes payable on the date of such completion of the provision of the service and on the amount mentioned in the invoice. In any case issue of invoice is mandatory as per Rule 3 of Point of Taxation Rules 2011.
- b) Further the amount of tax to be paid in a case where the person providing the service receives a payment before 14 days then it will be on the basis of the extent of such payment received by the service provider. For instance wherever any advance by whatever name known is received by the service provider to the provision of Taxable Service that advance will form the basis for calculating the Service Tax liability.

The assessee is required to intimate the details of the amount of service tax paid in advance to the jurisdictional superintendent of Central Excise/Service Tax within a period of 15 days of such payment and indicate the details of the advance payment made, and its adjustment, if any in the subsequent return to be filed under section 70 of the Act.

When payment is made by a client to an assessee after deducting his Income Tax liability under the Tax deduction at source (TDS) provision, whether the Service Tax liability of the assessee is only towards the amount actually received from that client or tax is to be paid on the amount including the Income Tax deducted at source also?

Service Tax is to be paid on the gross value of taxable service which is charged by a Service Tax assessee for providing a taxable service. Income tax deducted at source is includible in the charged amount. Therefore, service Tax is payable on the gross amount including the amount of Income Tax deducted at source also.

3.13. What is the interest rate applicable on delayed payment of Service Tax?

Every person, liable to pay the service tax in accordance with the provisions of section 68 of the Act or rules made there under, who fails to credit the tax or any part thereof to the account of the Central Government within the period prescribed, shall pay simple interest **@18% per annum**. The same should be issued within 14 days from the date of completion of taxable service or receipt of payment towards the service, whichever is earlier. However, if the service is provided continuously for successive periods of time and the value of such taxable service is determined or payable periodically, the Invoice/Bill/Challan shall be issued within 14 days of the date when each such event specified in the contract, which requires the service receiver to make any payment to service provider, is completed. (Rule 4A (1) of the STR 1994).

In respect of the taxable services relating to the transport of goods by road, provided by the Goods Transport Agency, the service provider should issue a consignment note containing the following information (Rule 4B of the STR, 1994): -

- i. Serial Number

6. Refunds

6.1 Can any adjustment of tax liability be made by an assessee on his own, in cases when Service Tax has been paid in excess?

- i. Yes. Where an assessee has issued an invoice, or received any payment, against a service to be provided which is not so provided by him either wholly or partially for any reason (or when the invoice amount is renegotiated due to deficient provision of service, or any terms contained in a contract) the assessee may take the credit of such excess service tax paid by him, if the assessee has refunded the payment or part received for the service provided or has issued a credit note for the value of the service not so provided to the person to whom an invoice had been issued. (Rule 6(3) of the STR, 1994).
- ii. Further, assesses having centralised registration who paid excess amount of Service Tax, on account of non-receipt of details regarding the receipt of gross amount for the services at his other premises or offices, may adjust such excess amount against the Service Tax liability for the subsequent period and furnish the details of such adjustment to the Jurisdictional Superintendent of Central

Excise/Service Tax within 15 days from the date of such adjustment (Rule 6(4A) of the STR, 1994).

- iii. In all other cases of excess payment, refund claims have to be filed with the Department. The refund claims would be dealt as per the provisions of Section 11B of the Central Excise Act, 1944, which is made applicable to Service Tax vide Section 83 of the Finance Act 1994.
- iv. It is important to note that any amount of Service Tax paid in excess of the actual liability, is refundable, only if it is proved that the claimant of refund had already refunded such amount to the person from whom it was received or had not collected at all (Section 11 B of the Central Excise Act, 1944 which is applicable to Service Tax matters under Section 83 of the Act).

6.2 What is the procedure for claiming refund?

- i. Application in the prescribed form (Form - R) is to be filed in triplicate with the jurisdictional Asst./Deputy Commissioner of Central Excise/Service Tax.
- ii. The application should be filed within one year from the relevant date as prescribed in Section 11B of the Central Excise Act, 1944 which has been made applicable to Service Tax refund matters also.
- iii. Application should be accompanied by documentary evidence to the effect that the amount claimed as refund is the amount actually paid by him in excess of the Service Tax due and the incidence of such tax claimed as refund has not been passed on to any other person.

6.3. What is relevant date for calculation of limitation period in respect of filing refund claims relating to Service Tax?

The “relevant date” for the purpose of refund as per section 11B of the Central Excise Act, 1944 which is applicable to Service Tax also, is the date of payment of Service Tax. Thus, the limitation period of one year is to be calculated from the date of payment of the Service Tax.

6.4 Is there any provision for interest for delayed payment of refunds?

If any duty/tax ordered to be refunded under section 11B(2) of Central Excise Act, 1944, to any applicant is not refunded within three months from the date of receipt of application, interest at the applicable rate shall be paid, subject to conditions laid down under section 11BB of the Central Excise Act, 1944.

Also where an amount deposited by an appellant in pursuance of an order passed by the Commissioner (Appeals) or the Appellate Tribunal, under the first proviso to section 35F of the Central Excise Act, 1944, is required to be refunded consequent upon the order of the appellate authority and such amount is not refunded within three months from the date of communication of such order to the adjudicating authority unless the operation of the order of appellate authority is stayed by a superior court or tribunal, interest shall be paid at the applicable rate after the expiry of three months, under the provisions made in section 35FF of the Central Excise Act, 1944.

Provisions of Sections 11B, 11BB, 35F and 35FF of the Central Excise Act, 1944 are made applicable to Service Tax vide section 83 of the Finance Act, 1994.

6.5 To claim the refund arising out of service tax paid under section 66A, no proforma is prescribed in the notification; how to claim it?

In the notification, there is no difference in treatment of service tax paid under section 66 and section 66A of Finance Act, 1994. Where refund arises, Table – A, in Form A-2 can be used for making a refund claim.

- 6.6 **Meaning of the expression ‘who does not own or carry on any business other than the operations in the SEZ’ appearing in paragraph 2(a)(iii) of the notification, which creates a difference between ‘standalone’ and ‘non-standalone’ SEZ Unit/Developer, may be clarified?**

The expression refers to an entity which is carrying out business operations in SEZ and also DTA. Merely having an office in the DTA for purpose of liaison/business promotion, does not restrict a SEZ Unit from availing benefit extended to a standalone unit.

- 6.7 **Whether Approval by UAC is necessary, to claim benefit under the Notification?**

Yes. Unit Approval Committee (UAC) of the SEZ determines goods and services required for the authorised operations of a Unit/Developer, under the SEZ law. Hence approval of the UAC is necessary for availing the notification benefit, on the taxable services.

- 6.8 **i) Does condition (c) prescribed in paragraph 2 of the notification, 17/2011-ST dated 01. 03. 2011, restrict the non-standalone Units/Developers, from availing upfront exemption for wholly consumed services, which fall under category (i) and (ii) of para 2(a) of the notification?**

(ii) For whom and for what purpose, Declaration in A-1 is required?

In respect of category (i) and (ii) services listed in paragraph 2(a), upfront exemption is made available to all SEZ Units/Developers, who fulfill the conditions of notification; only in the case of category (iii), difference is created between standalone and non-standalone SEZ Units/Developers.

Declaration in Form A-1 is required to be produced, to a service provider, to claim upfront exemption (after striking out the inapplicable portion). This is a one-time Declaration. Original Declaration can be retained with the SEZ Unit/Developer for business record or for production to the jurisdictional Central Excise/Service Tax authorities, if need be, for any verification; a copy has to be retained by SEZ Specified Officer; self-attested photocopies of the Declaration can be submitted to service provider to avail upfront exemption, subject to fulfillment of other conditions mentioned in the notification.

- 6.9 **Meaning of the expression “total turnover” found in paragraph 2(d) of the notification 17/2011 is not clear: whether it refers to turnover of SEZ Unit or the entity (including DTA and SEZ Unit). This may be clarified?**

Total turnover includes turnover of DTA Unit and also export turnover of SEZ Unit. This is the way to calculate proportionate refund. Table-C in Form A-2, illustrates this aspect

- 6.10 **A Developer may not have export turnover; therefore, he cannot get refund of service tax based on the formula provided for shared services in paragraph 2(d) of the notification 17/2011: therefore, it may be explained how a Developer can claim exemption under this notification?**

Generally, SEZ Developers will be using category (i) services listed in paragraph 2(a), relating to immovable property located within SEZ; upfront exemption is available for these services, and category (ii) services, irrespective of whether the Developer is standalone or not. As another option, refund route is also available. In the case of category (iii) services if Developer is standalone, upfront exemption is available. If Developer is not

standalone, on service tax paid on category (iii) services, which are exclusively used for the authorised operations in SEZ, he can avail exemption through refund route.

- 6.11 **Whether proportionate amount of service tax paid on shared services that have not been refunded after applying the formula, shall be available to the DTA Units of the entity as cenvat credit?**

Yes. Available

- 6.12 **Whether consolidated refund claim under 17/2011-ST can be filed by an entity having more than one SEZ unit and a centralized service tax registration.?**

If an entity is having multiple SEZ Units with a centralized service tax registration, consolidated refund claim can be filed, provided separate accounts are maintained for receipt and use of services for the authorised operations in SEZ Unit.

- 6.13 **Whether certified copies of invoices can be used for claiming refund, if originals are needed for other statutory purpose; Whether on the basis of single invoice, one can claim proportionate refund for SEZ Unit and balance as cenvat credit?**

In terms of the notification, original invoices are needed for claiming refund; after receiving the refund, originals can be taken back on submission of copies certified by Chartered Accountant. On a single invoice, if proportionate refund (by SEZ Unit) and cenvat credit (by DTA Unit) needs to be obtained, then also similar system shall be followed.

7. **Manner of payment of Service Tax, when clients (recipient of service) do not pay service tax amount, what should be done?**

- 7.1. **Is the Service Tax payable by the assessee even in cases where his clients [recipient of service] do not pay for the service(s) rendered or when the client pays only a part of the bill raised in this regard?**

Though the burden of Service Tax ultimately rests on the service recipient the law requires the service provider to collect the tax from the service recipient on the services provided and deposit to the Government Account. Therefore whether the service provider receives the payment from his client (service recipient) or not, he is legally bound to pay the service Tax liability in respect of the services rendered by him. The Service Tax has to be paid when the Invoice is issued or the completion of service provided or certain advance/payment is received for the services provided. Therefore Service Tax is payable when payment for the part of the bill is paid by the service recipient. However the tax liability will be to the full extent on the total amount to be received by the service provider.

- 7.2 **What is meant by "completion of service" as in many situations it is not possible to issue invoices within 14 days of the completion of the service since the exact date of completion of service is difficult to identify?**

The Service Tax Rules, 1994 requires that invoice should be issued within a period of 14 days from the completion of the taxable service. The invoice needs to indicate interalia the value of service so complete. Thus the term "completion of service" referred above would include not only the physical part of providing the service but also the completion of all other auxiliary activities like measurement, quality testing etc. but excluding any flimsy or irrelevant grounds. Thus the test for determination if a service has been

completed would be the completion of all the related activities that place the service provider in a situation to be able to issue an invoice

7.3. How does one work out the Service Tax liability and pay the same to the Government, in case the customer or a client pays only the value of the service amount, but not the Service Tax amount mentioned in the bill?

Service Tax is payable on amount realized. In given situation, the amount so realized from the client would be treated as gross amount inclusive of Service Tax and accordingly the value of taxable service and the Service Tax liability are worked out as follows:

For example :

Value of taxable service (AV) = Rs. 1000
 Amount Billed = Rs.1000 + Service Tax Rs.103.00 = Rs.1103.00
 Amount paid = Rs.1000. Treat Rs.1000 as gross amount inclusive of service tax.

In case the gross amount, including service tax, received is, say, Rs 1000. In such cases the service tax liability may be arrived at by reverse calculation in the following manner.

$$AV = \frac{1000}{110.3} \times 100 = \text{Rs. } 906.62 \text{ (Rs.907)}$$

Amount of Service Tax + Education Cess Payable = Rs.93

Note: If the recipient of service pays full billed amount later, the differential service tax must be paid forthwith.

8. Exemptions

8.1. What are the conditions of exemption to small scale service providers ?

Taxable services provided by the small scale service provider were exempted from whole of service tax leviable there-on upto the aggregate taxable value Rs.4 lakhs in any financial year of vide Notification No.06/2005-ST dated 01.03.2005 (effective from 01.04.2005). The exemption limit of aggregate taxable was enhanced to Rs.8 lakhs vide Notification No.4/2007-ST dated 01.03.2007 (effective from 01.04.2007) and the same has been further enhanced to Rs.10 lakhs vide Notification No.8/ 2008-ST dated 01.03.2008 (effective from 01.04.2008).

- (i) Above exemption is not admissible to :-
 - (a) taxable service provided by a person under a brand name or trade name, whether registered or not, of another person or
 - (b) such value of taxable services in respect of which service tax shall be paid by recipient of service under section 68 (2) of Finance Act read with Service Tax Rules, 1994.

The sum assured in these JPAP policies is often as low as Rs. 25, 000/- , so that even people without regular income can afford to purchase a risk cover for themselves. The customized group JPAP insurance schemes floated by various insurance companies as per the specifications of state governments concerned, to extend risk cover to target populations, and to fulfill the prescribed 'rural or social sector' obligation, are covered by the subject service tax exemption.

8.6.7 Whether service is to be paid on processing of visa applications?

Yes. Service tax is leviable on any service provided other than assistance directly to individuals for obtaining visa, falling under the description of any taxable service, as classifiable under the appropriate heading. To cite a few instances, where in addition to rendering assistance directly to individuals for obtaining visa, visa facilitators may also act as agents of recruitment or of foreign employer, in which case, service tax is leviable to the extent under the service of 'supply of manpower'. In certain other cases, for example, a visa

facilitator, may be rendering visa assistance to individuals who are employed in a business entity, but the service charge may be paid by the business entity on behalf of those individuals, to the visa facilitator, in which case, service tax is leviable under 'business support service'.

8.6.8 Who is a sub-contractor? Whether the services provided by a sub-contractor are liable for service tax?

A taxable service provider outsources a part of the work by engaging another service provider, generally known as sub-contractor. Service tax is paid by the service provider for the total work. In such cases, whether service tax is liable to be paid by the service provider known as sub-contractor who undertakes only part of the whole work. A sub-contractor is essentially a taxable service provider. The fact that services provided by such sub-contractors are used by the main service provider for completion of his work does not in any way alter the fact of provision of taxable service by the sub-contractor. Services provided by sub-contractors are in the nature of input services. Service tax is, therefore, leviable on any taxable services provided, whether or not the services are provided by a person in his capacity as a sub-contractor and whether or not such services are used as input services. The fact that a given taxable service is intended for use as an input service by another service provider does not alter the taxability

No. the agricultural produce namely tobacco or raw cashew, which are subject to client processing retains their essential characteristics at the output stage and therefore the processes undertaken on or behalf of client should be considered as covered by the expression 'in relation to agriculture'. Client processing which falls under business auxiliary service undertaken on the primary agricultural produce namely tobacco or raw cashew, does not result in any change in their essential character of tobacco or cashew. In the light of the above principle (i) process of threshing and drying of tobacco leaves and thereafter packing the same and (ii) processing of raw cashew and recovering kernel, undertaken for, or on behalf of, the clients by processing units are covered by the expression "... processing of goods for, or on behalf of, the client.....and provided in relation to agriculture,..." appearing in the Notification.No. 14/2004-ST (as amended) dated 10th September, 2004. Therefore they are not Service Taxable.

8.6.10 Whether Country of Origin Certificate (COOC) issued by Chambers of Commerce is Service taxable ?

Yes. The activity carried out by the Chambers, involving certification of the national character of the export goods, squarely falls under 'technical inspection or certification', as defined in section 65(108) of Finance Act, 1994. In certain cases, when COOC is issued with reference to national character of the goods upon examination of the origin of their composition, requirements of the definition provided in section 65(108) of Finance Act, 1994 is clearly fulfilled. A chamber or EPC or Trade Association which issues COOC acts as a technical inspection and certification agency, and issuance of COOC attracts service tax under 'technical inspection and certification agency' service, which is a specific description when compared to a general description like 'club or association service', by the application of the principles of classification provided in section 65A of Finance Act, 1994.

8.6.11 Whether delayed payment charges received by the stock brokers to be included in the taxable value?

As per the clarification issued by the Board vide Circular No. 137/25/2011 dtd. 03.08.2011, delayed payment charges received by the stock brokers are not includible in taxable value as the same are not the charges for providing taxable services. Such charges are on account of penal charges for not making the payment within the stipulated time and hence are not included in the taxable value for charging service tax.

However, Section 67 of the Finance Act 1994 provides that service tax is chargeable on taxable value which shall be the 'gross amount charged' by the service provider. Delayed payment charges would not be includible in 'gross value charged' only if these charges are shown separately in the account statement/invoice/bill.

8.6.12 Whether the value of SIM cards is liable to be included in the value of taxable services being provided by cellular companies?

As per the clarification received from the Board vide circular No. 137/41/2011 dtd. 06.04.2011, the SIM cards are never sold as goods independent from services provided by the cellular telephone company. The value of the SIM cards forms a part of the activation charges and the taxable value is calculated on the gross total amount received by the operator from the subscribers. Hence the amount received by the cellular telephone company from its subscribers towards SIM cards will form a part of the taxable value for levy of service tax.

8.6.13 Whether computer embroidery work carried out on job work basis is taxable under Business Auxiliary Service (BAS)?
